

## Phospho-RYR3(Ser160) Ab

Cat.#: AF2304 Mol.Wt.: 550 kDa Concn.: 1mg/ml Size: 100ul.200ul Source: Rabbit Clonality: Polyclonal

WB 1:500-1:2000, IHC 1:50-1:200 Application:

Reactivity: Human, Mouse

Purification: The Ab is from purified rabbit serum by affinity purification

via sequential chromatography on phospho- and non-

phospho-peptide affinity columns.

Specificity: Phospho-RYR3(Ser160) Ab detects endogenous levels of

RYR3.

A synthesized peptide derived from human RYR3 around the Immunogen:

phosphorylation site of Ser160.

Uniprot: 015413

Endoplasmic reticulum; Subcellular Location:

Tissue Specificity: Brain, skeletal muscle, placenta and possibly liver and

> kidney. In brain, highest levels are found in the cerebellum, hippocampus, caudate nucleus and amygdala, with lower levels in the corpus callosum, substantia nigra and

thalamus.

Similarity: The calcium release channel activity resides in the C-

> terminal region while the remaining part of the protein resides in the cytoplasm. Belongs to the ryanodine receptor (TC 1.A.3.1) family. RYR3 subfamily. [View classification]

Storage Condition and

Buffer:

Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at -20

°C.Stable for 12 months from date of receipt.

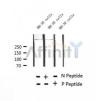

Western blot analysis of extracts from RH-30 cells, using Phospho-RYR3(Ser160) Ab. Lane1 was treated with phosphoblocking peptide, Lane2 was treated with non-phospho-

blocking peptide.

## Affinity Biosciences website:www.affbiotech.com order:order@affbiotech.com

Western blot analysis of extracts from RH-30 cells, using Phospho-RYR3(Ser160) Ab.

AF2304 at 1/100 staining Human thyroid cancer tissue by IHC-P. The sample was formaldehyde fixed and a heat mediated antigen retrieval step in citrate buffer was performed. The sample was then blocked and incubated with the Ab for 1.5 hours at 22°C. An HRP conjugated goat anti-rabbit Ab was used as the secondary.

<code>IMPORTANT:</code> For western blot, incubate membrane with diluted primary Ab in 5% w/v milk , 1% TBS, 0.1% Tween@20 at 4°C with gentle shaking, overnight.
